Pickett State Park is located adjacent to Big South Fork and is within easy driving distance of all the Cumberland Plateau's fine Class III, IV, and V whitewater creeks. All you need to bring is your boat and sleeping gear. Meals will be provided. Many attending may choose to indulge in whitewater boating and other hazardous sports. Non-boaters will be welcome; shuttle drivers will be really welcome. Your fee is cost for food and lodging and is not for profit or a contract to guide. ***In consideration of being allowed to participate in this event, and its related activities, I do hereby release, waive, discharge and covenant not to sue Memphis Whitewater, or any of the event participants and volunteers, for any and all liability caused, or alleged to be caused, in whole or part, by the negligence of others. I understand that whitewater kayaking, as well as the other outdoor activities that I will participate in, involve a risk of serious injury, including permanent disability and death, and I desire to assume such risk. This waiver shall be binding upon me, my successors, heirs, administrators, executors and assigns.***
